

Baluchistan Review: One Killed and One Sold in Switzerland (SOLD -07 December 2015)

So Balochistan is one special place where Raheel Sharif wants to prove his virility and martial might. Thus accelerated extra judicial killings. Pakistans Punjabi establishment sees being Chinese vassals as an essential tool to dominate all other ethnic groups in Pakistan. Because it was by being British vassals from 1849 to 1947 that this Punjabi establishment achieved its undue dominance in Pakistans politics. China Pakistan corridor would mean following things for Pakistans Baloch :-- 1. Transformation into a demographic minority of 20 % or less in their own province by 2030. 2. Losing Balochistans minerals and agricultural land to a significant extent. Death of Dr Allah Nazar and Change of posture of Brahamdagh Bugti In 2015 two events have aroused great jubilation in Pakistani establishment. Viz death of Dr Allah Nazar and declaration of Brahamdagh Bugti that he has given up his demand for Balochistans independence and that now his objective is a limited autonomy under the existing umbrella of Pakistani state. Death of Dr Allah Nazar It has been speculated that Allah Nazar has died of wounds sustained in an air raid or artillery fire. As far as our assessments go death of Allah nazar will not change anything. He heads a political party and an armed group with an established chain of command and a succession structure. Brahamdagh Bugti It is reported that Pakistani establishment made some offers involving huge monetary sums to Brahamdagh and he was bought and converted. Brahamdagh heads a small group in war of Baloch secession and his conversion will not change anything. International scenario As US china rivalry intensifies and US retains a key central position in Afghanistan Baloch war of secession will have no dearth of external state backers. USA in lead followed by India and possibly Oman ,Iran etc. For Baloch race it is a matter of existence and

it is highly unlikely that they will accept Pakistani states China Corridor plan which aims to turn them into a puny ethnic minority in their own province.
