

# The Battle of Ezra Church and the Struggle for Atlanta (Civil War America)

Fought on July 28, 1864, the Battle of Ezra Church was a dramatic engagement during the Civil Wars Atlanta Campaign. Confederate forces under John Bell Hood desperately fought to stop William T. Shermans advancing armies as they tried to cut the last Confederate supply line into the city. Confederates under General Stephen D. Lee nearly overwhelmed the Union right flank, but Federals under General Oliver O. Howard decisively repelled every attack. After five hours of struggle, 5,000 Confederates lay dead and wounded, while only 632 Federals were lost. The result was another major step in Shermans long effort to take Atlanta. Hesss compelling study is the first book-length account of the fighting at Ezra Church. Detailing Lees tactical missteps and Howards vigilant leadership, he challenges many common misconceptions about the battle. Richly narrated and drawn from an array of unpublished manuscripts and firsthand accounts, Hesss work sheds new light on the complexities and significance of this important engagement, both on and off the battlefield.
